

Mini symposium "Catalysis and Material"

日時:平成 30 年 8 月 6 日(月)13:00~16:10

場所:工学部1号館 15号講義室

講演時間・演題・講演者

13:00-13:50

"Cooperative effects in catalysis: from metal-ligand cooperation in cycloisomerization reactions to organic catalysis in ring-opening polymerization"

Prof. Blanca Martin Vaca (*Paul Sabatier University, France*)

13:50-14:30

"Catalytic cross- and multicomponent coupling reactions by anionic transition metal complexes"

Prof. Takanori Iwasaki (*University of Tokyo*)

14:30-14:50 break

14:50-15:20

"Title to be announced"

Dr. Megan Hill (*University of Tokyo*)

15:20-16:10

"Tsuji-Trost inspired Stereoselective and Asymmetric Synthesis of Allylic Scaffolds"

Prof. Aryan W. Kleij

(*Institute of Chemical Research of Catalonia (ICIQ), Spain*)

終了後、講師を囲んでの懇親会を予定しています (場所は未定)
