

Lecture

Probing metabolism and function
in the heart, liver and kidney using
hyperpolarized C-13 labelled substrates

Dr. Hikari Yoshihara

Institute of Physics of Biological Systems,
École Polytechnique Fédérale de Lausanne, Switzerland

Apr. 5th 17:00—18:30 at room 8B04 in Faculty of Engineering Bldg.3

Contact: Prof. Shinsuke Sando,
Department of Chemistry and Biotechnology
(Extension Number 26978)
