

Department seminar

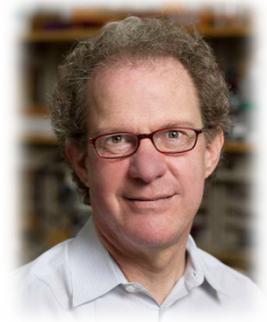

Date: July 25 (Thu), 16:00-18:00

Room: Engineer. Building No.3, 8B04

Prof. Steven Rokita

(Department of Chemistry, Johns Hopkins University)

Dynamic alkylation of DNA based on transient quinone methides

Prof. Sarah Woodson

(Department of Biophysics, Johns Hopkins University)

Dynamics of RNA-protein interactions during ribosome assembly

Contact: Mitsuhiro Shionoya and Tsutomu Suzuki
