

Seminar

eIF2B and the Integrated Stress Response: A structural and Mechanistic View

Dr. Takuhiro Ito
RIKEN Center for Biosystems
Dynamics Research

Oct 19 Tuesday 15:30–16:30

Zoom

Meeting ID: 860 6826 5543 Passcode: 341781

In this seminar, recent progress of the structural study of eIF2B and its interacting proteins is presented. These studies have revealed the catalytic and regulation mechanisms of eIF2B, and also revealed how the integrated stress response is controlled.
